

CAR SEAT AND SEAT BELT FIT GUIDE

Rear-Facing

As long as possible—often until after age two and 30 pounds.

Forward-Facing

Use until the child reaches the highest weight or height allowed by the car seat manufacturer.

Booster

Once a child is too big for a forward-facing seat, move to the booster. At least age 4 and 40 lbs.

Seat Belt

Booster seat recommended until seat belt fits correctly. No younger than age eight. *Proper fit: lap belt across the hip bones and shoulder belt across the chest and positioned at mid-shoulder.*

See Visual Seat Belt Fit Guide

Back Seat

All children under 13 years of age should sit in the back seat properly restrained in a car seat or seat belt.
